Professional Experience

Nusantara Markt - Berlin
Web Developer

Jan 2021 - now

Nusantara Markt is a B2B company that provides supply chain for retail business in Germany. My role was to update the website interface, to set up new structure for the website and to make the UI intuitive for visitors.

Result: web traffic increase up to 23%, leading up to more sales.

KenaLink - Berlin
UI/UX Designer

Aug 2020 - Nov 2020

KenaLink is a community platform for professional Indonesian diaspora with members spread all over the world. My role was to design the user interface as well as the user experience during the market research and beta testing.

Result: around 100 first users reached within first week of beta launch.

Searchmetrics - Berlin
Graphic Designer

Jul 2019 - Aug 2020

Searchmetrics is a company that provides SEO consultancy for their customer to boost their customers websites ranking in search engine pages. My role was to support the graphic design and marketing team.

BELI di BERLIN - Berlin
Web Developer

Dec 2018 - Apr 2019

BELI di BERLIN is an online store for shoes, watches, wallets, and bags. My role was to update the website interface and also integrate the website with basket and payment system.

Result: visitors don't need to manually contact sellers and could order from the website, leading up to sales increase.
